**Re: WARN Act Notice**

**WorkForce West Virginia  
TAA/NDWG Unit**

Dear Ms. Harper:

By letter dated April 2, 2020, Murray Energy Holdings Co. and The Ohio County Coal Company (collectively, the "Company") informed you that in connection with the Company's attempt to sell its assets, there may be a reduction in force at The Ohio County Coal Company located at 1107 Golden Ridge Road, Dallas, WV 26036 (the "Facility"), effective beginning on June 2, 2020 or within fourteen (14) days thereafter. The Company is issuing this additional notice to inform you that the reduction in force at the Facility may be postponed because of an extension of the bankruptcy court proceedings to confirm the anticipated sale of the Company's assets.

The Company submits this additional notice to satisfy any obligation that may exist under the federal Worker Adjustment and Retraining Notification Act, 29 U.S.C. § 2101 *et seq.*, and any similar state or local law (collectively, the "WARN Act"). If no obligation exists under the WARN Act, this additional notice is being provided voluntarily. Although the exact date of the sale has still not yet been determined, in the event that a purchaser does not offer employment to employees at the Facility, we anticipate affected employees will face a permanent termination of employment from the Company as early as June 17, 2020, or on such later date as to be determined (such date as to be determined, the "Termination Date"), with all separations expected to be accomplished within fourteen (14) days following the Termination Date. All potentially affected employees have been notified of their approximate Termination Date, and there will be no bumping rights with the Company for any such employees.

We have notified Cecil Roberts the chief elected official of the United Mine Workers of America of this information at the following address:

Mr. Cecil Roberts, President  
United Mine Workers of America  
18354 Quantico Gateway Drive  
Triangle, VA 22172

The number of potentially affected employees is 447. A list of the job titles of positions that may be affected and the number of potentially affected employees in each job position is maintained on site and readily available upon request. If you have questions regarding this matter, please contact Paul B. Piccolini, Vice President – Human Resource and Employee Relations at (740) 338-3100.

Sincerely,

THE OHIO COUNTY COAL COMPANY

Timothy J. Stevens  
General Superintendent
