To Maureen Persons:

We regret to inform you that, due to current adverse market conditions, Greenbrier Minerals, LLC (“Greenbrier Minerals”) plans to idle surface mining operations, which are located at 91 Toney Creek Road, Lorado WV (the “Mine”), and to reduce the workforce.

Please be advised that, on or around June 26, 2025, Greenbrier Minerals will begin permanently laying off approximately 61 Greenbrier Minerals employees at the Mine. We anticipate that all terminations relating to this workforce reduction will occur on June 26, 2025, or within the 14-day period starting on that date. All terminations are expected to be permanent, and there are no bumping rights.
